SOME OF OUR PAST PROJECTS

REBUILDING AFTER A HOUSE FIRE

A family of 12 had a house fire which destroyed much of the second floor, including all four bedrooms. To The Rescue paid for the family to stay in a hotel for a week and replaced all the dressers, beds, and bedding.

HELPING MAKE A NEW START

This mother and her daughters had to move from a bad situation into a new apartment. We were able to fully furnish that apartment, along with cleaning supplies, and we filled the refrigerator with food.

TACKLING CAR PROBLEMS

A mom of five needs her car to get to work. When her car started having problem after problem and eating up a good deal of her income, we were able to buy her a newer car which was in great condition.

FURNISHING A NEW APARTMENT

This gentleman lost his job as a dishwasher when the restaurant he worked at closed because of the pandemic. Soon he ended up homeless. Members of the Orthodox community found him an apartment and a job. *To The Rescue* furnished the apartment. **Months later, he is doing great!**
