

Building Team Report to the 2018 Annual Assembly
March 3, 2019

~~~/~~~/~~~/~~~

In 2018 the Building Team worked on the New School Project and the New Church Project in close cooperation with the Parish Council. A list of additional small projects completed can be found in the Brotherhood report, since the Brotherhood was principally responsible for executing these small projects.

The list of projects planned for 2019 is the following:

- Repair furnace room heat
- Paint front doors
- Cemetery landscaping/fencing
- Complete cabinetry in nursery/foyer
- School Project Build/Interior
- Replace floor damaged during flood
- Paint ceiling of lower part of church
- Investigate Cell tower
- Investigate Solar field
- Permitting process for new church - once we reach our fund raising goal (more about that in the New Church/Social Space Project Update)
- Repair/replace lawn care/snow removal equipment - considering a small tractor in place of our present truck
- Perhaps plant grass where alfalfa is planted
- Begin to cement floor barn - investigating with school building contractor
- Building generator
- Repair culvert under driveway
- Refresh bathrooms

We welcome your ideas for needed projects. Please contact Jack Mitchell, Konstantin Poplavsky, or Fr. Gregory in this regard or with any questions.
